

Event Fact Sheet

for RBfK Family Communion Service

Event Description

Family Communion Service is designed to provide families with a place and a regular opportunity (quarterly) to experience communion as a family and among other families. Our goal is to provide a sense of freshness of presentation to a simple event and to inspire awe and wonder in the profound depths of the love of Christ demonstrated in His death, burial, and resurrection in such a way that children can appreciate and respond in reverence, gratitude, and worship.
