Things To Do At Home

Is there a friend or family member that doesn't know Jesus?
Pray for them with your mom and dad.

Invite a friend to go to church with you. Who did you invite?
Have they heard about Jesus?

Picture This!

Paul & King Agrippa

When God directs your life and shines through you, you can light the path for others. Paul knew that his story of God's love needed to spread throughout the land. He had been held as a prisoner for two years. Paul wanted others to know about the change Jesus had made in his life. One day Paul was standing before King Agrippa. The King listened to Paul as he told him how God sent His only son, Jesus, to die on a cross for our sins. Paul explained how he could not be silent about his new life and wanted everyone to know Jesus. King Agrippa was very interested in what Paul had to say. Paul's desire to please God was obvious, and his words were a light from God. Paul was not worried about what other people thought of him. It only mattered that Paul was pleasing God. In fact, you could say Paul let his fire for Jesus fly to all people throughout the land. He sent a "God signal" to everyone he met. (Source: Acts 25-26)

Hear This!

Be wise (and tell others about Jesus).

Colossians 4:5

Do This!

We can tell others about Jesus. We can tell them about the Bible stories we learn at church. We can even tell others the Bible verses we learn. We can invite friends to church so that they can hear about Jesus, too. It makes God happy when we talk to others about Him!

Practice Point:

Don't be quiet and don't be shy,
Shine God's love, and let your fire... fly

Draw and color a picture about today's story.
Then share it with your family and friends!
