

WEEK SEVEN

Picture This

After their long trip from leaving Egypt, Moses brought the Israelites to Mount Sinai. God told Moses to tell the people to get prepared because He was going to give them instructions. Moses brought the people to the mountain where they were to wait while he went up and received the instructions. Moses told his brother Aaron to be in charge while he was gone. A cloud covered the mountain for six days. The Lord's presence was there on Mount Sinai. On the seventh day, the Lord called to Moses from the cloud. The people at the foot of the mountain saw an incredible sight! The glory of the Lord on the mountain looked like a great fire. Moses stayed on the mountain for forty days and forty nights as he received God's instructions. (Source: Exodus 24:12-18)
